It teaches students about how to stay safe around dogs and what it means to be a responsible pet owner in the home and wider community including: when dogs should be left alone, things we should not do to dogs, how can you tell if a dog is happy, frightened or angry, a safe way to approach and greet a dog, and what to do if approached by an unknown or aggressive dog. Presentations are delivered using multimedia tools, role play, song and story-telling. The dogs are trained to work under very strict guidelines, ensuring the safety of the children and dogs.
